

# MEET SUCCESS

AT INDIA'S MOST SOPHISTICATED  
VENUE FOR BUSINESS EVENTS

The Bangalore International Exhibition Centre (BIEC) is India's largest and most sophisticated destination for exhibitions, meetings and events. Spread across a 57-acre lush countryside, BIEC features 77,200sqm of premium exhibition space and 5600sqm of state-of-the-art conferencing facilities for up to 15,000 persons.

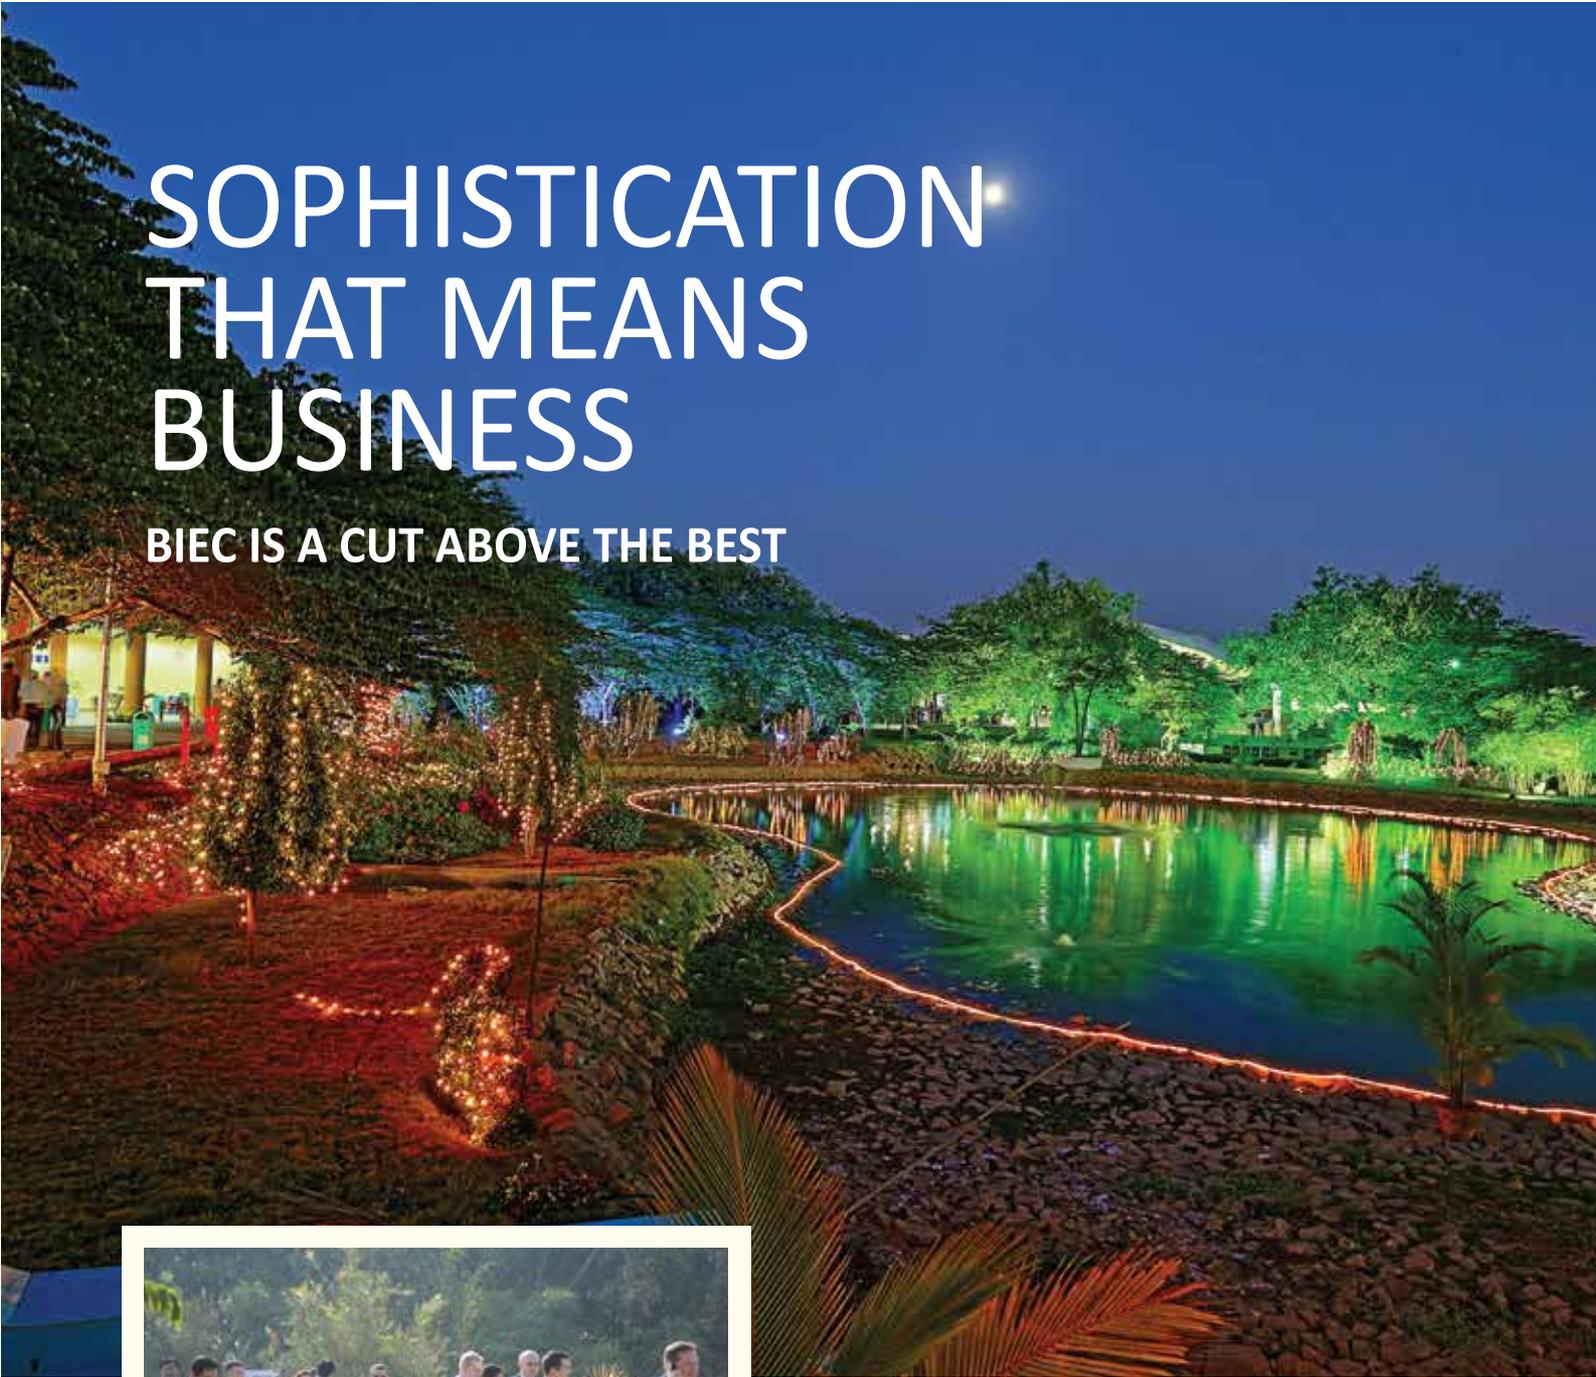

# BANGALORE INTERNATIONAL EXHIBITION CENTRE

PURPOSE-BUILT FOR POWER SUMMITS &  
HIGH-IMPACT EXPOSITIONS

# SOPHISTICATION THAT MEANS BUSINESS

**BIEC IS A CUT ABOVE THE BEST**

Designed to steer exhibitions or conventions to meet with success, the Bangalore International Exhibition Centre offers pleasant outdoor event options including an amphitheatre and a venue beside a waterbody provides for al-fresco networking and dinners.

# BANGALORE.

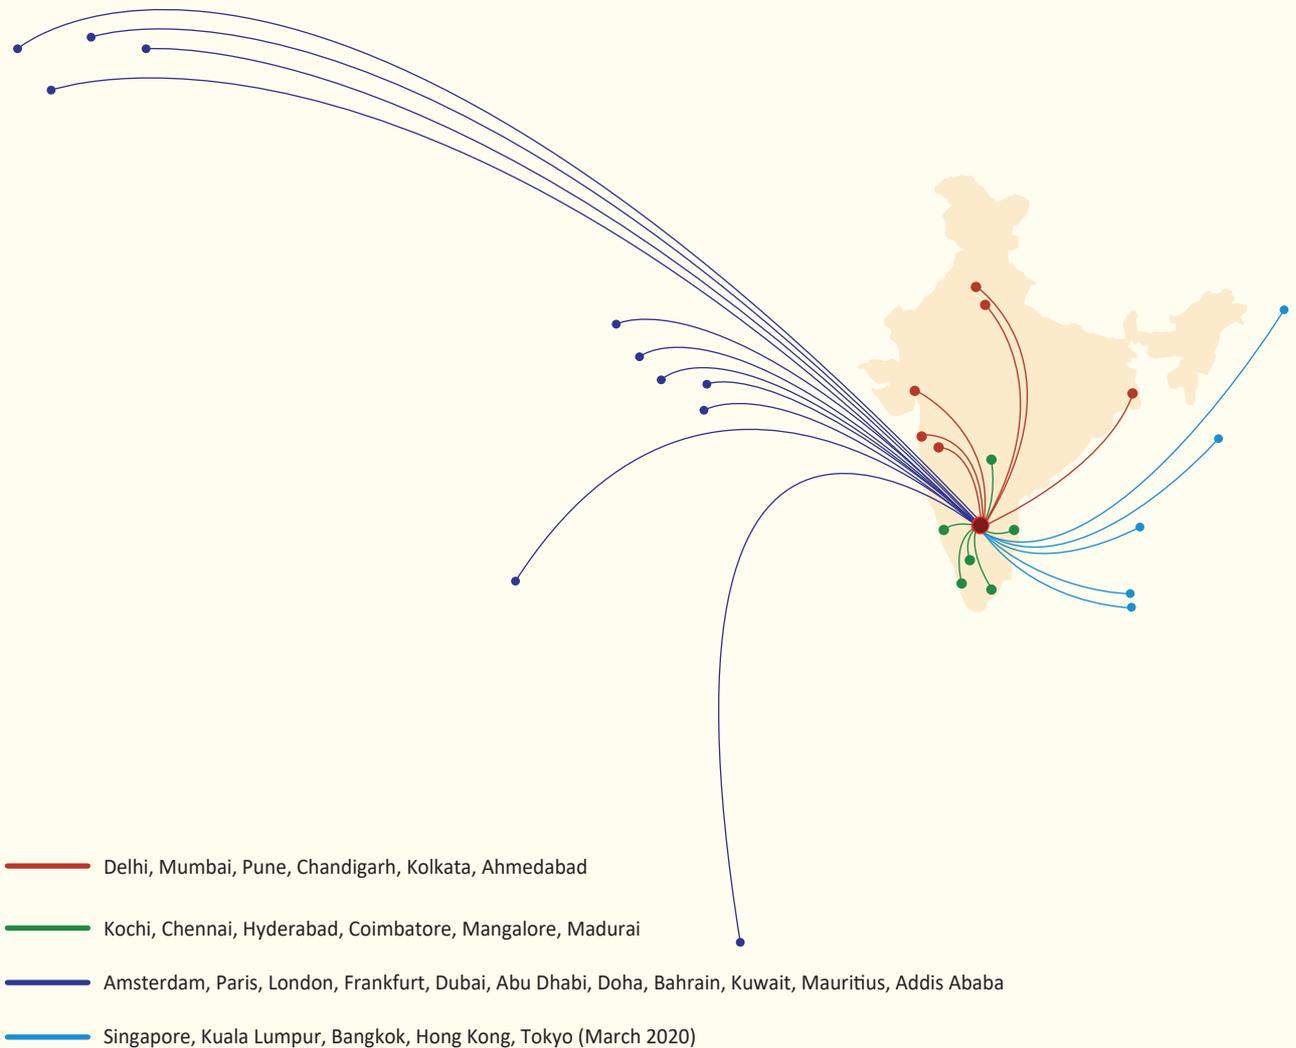

## A STRATEGIC LOCATION

Bangalore, the capital of the state of Karnataka, is fondly known as *the Silicon Valley of India*. The city is also the research and manufacturing hub of southern India for industries like machine tools, defence and aerospace. Additionally, the Indian auto ancillary industry too has made it their base. With 24 international and 45 domestic destinations, Bangalore is well-connected. But Bangalore is not just about business; the bustling city boasts a vibrant nightlife and an impressive history. Being located at a higher altitude, Bangalore also has little nature pockets that make for a good getaway. Situated on the outskirts of the city, BIEC is the perfect stage for your next grand event.

● Green Line station (BIEC) of Bangalore Metro expected to open in 2021

# PLUG-AND-PLAY DESTINATION

## A BALANCE OF VISION AND AESTHETICS

The self-contained campus is complete with state-of-the-art MICE facilities and support services for an incomparable business event experience. Having been designed to host IMTEX (South Asia's largest international machine tools exhibition), BIEC is equipped for corporate and social events of any nature or dimension. Apart from built-up facilities and reliable infrastructure, the Centre delivers expert technical services to make it the perfect venue in India for a grand event.

# 5 EXHIBITION HALLS

## INTERNATIONAL AFFILIATIONS

# SUSTAINABILITY AT THE HEART

## DRAWING SUSTENANCE FROM NATURE

BIEC seeks to reduce heat island effect through extensive landscaping. With 30% green cover, the complex is lush with over a hundred species of plants; 3500 trees; manicured gardens and an on-campus nursery.

- Maintenance of the natural contour of land
- Reclamation of construction waste fills
- Rain water harvesting has raised the water table in the area
- Treated and recycled waste water used for irrigation

## INDIA'S FIRST EXHIBITION CENTRE TO BE CERTIFIED A 'GREEN PROJECT'

- About 50 % of fly ash was used in the construction of the non-critical areas of the Complex
- Halls designed to receive maximum natural light during the day
- Ozone friendly air-conditioning systems without the use of Chloro-Fluoro-Carbons (CFCs)
- Green transport: Battery driven vehicles are used to reduce pollution and land development impacts
- Solar powered lights and LED lamps in common areas
- Self sufficient in power and water generation

# BANGALORE.

**LEISURE THAT INSPIRES SUCCESS**

**NIGHTLIFE, SHOPPING,  
SIGHTSEEING, CUISINES, ARTS...  
THE CITY HAS IT ALL!**

Apart from the fast pace of the city, Bangalore is known for its green spaces and exuberant nightlife. A stately mix of old and new architecture in the shade of 100-year-old-trees best describes Bangalore's skyline. Sprawling parks and gardens make dense green pockets within the city.

Museums built many decades ago showcase the industrial, scientific, aeronautical, space, artistic and performing arts traditions of the city. And as for cuisines, your choices are as varied as there are culinary cultures in the world. A resort hideaway or a short trip - at least to the old royal city of Mysore - must surely be knitted into your visit to BIEC.

# BIEC IS EASILY ACCESSIBLE

## GETTING TO AND GETTING AROUND IN BANGALORE

About 30 airlines operating direct flights to the Kempegowda International Airport connects Bangalore to over 250 cities. BIEC is located about 40km from the airport can be easily accessed by shuttle buses or airport taxis.

## BANGALORE METRO

Within the city, Bangalore's Metro rail is a convenient and faster way to move around. The nearest Metro station - Nagasandra - is only 2km from BIEC. By 2021, a Metro Station - BIEC - is expected to be opened as part of the planned Bangalore Metro expansion.

## BY ROAD

Taxis operated by Uber and Ola Cabs are just a click away from anywhere in the city. Auto rickshaws ply all roads at all times. And the public transport buses operate on schedule to all parts of the city.

## STAYING IN BANGALORE

Bangalore being a buzzing business destination and a global software hub, almost all leading hotel chains of the world have a property or two here. This is in addition to regional hotel and resort groups all of which offer impeccable world-class hospitality, F&B and nightlife.
